FREE PLAY POLICY

Pairs Events:

Less than 7 Tables	No Free Plays
7 to 9-1/2 Tables	2 Free Plays (highest overall % pair)
10 or more Tables	4 Free Plays (highest % pair each direction)

*If a director/guaranteed partner plays to make the game full at 7 or 10, free plays will be awarded based on the above schedule, as long as only ONE person was filling in and not paying.*

*If combined table count from two separate sessions is 7 or more, but neither session has 7, give free plays to the top pair in the game with the higher MP limits.*

*When two sessions play, and one side has at least 7 tables, free plays are awarded based on that table count, as above (if 7 or 10), but any EXTRA table count (over 7, or over 10) can be added to count in the other session.*

Team Events:

Up to 9 teams: No free plays are awarded.

10 to 19 teams: Free Plays for Top Team Overall (Total of 4 Free Plays)

20 or more teams: Free Plays for Top Two Teams Overall (Total of 8 Free Plays)

*When two team sessions are played, apply this team Free Play Policy, but consider table count in both sessions, similarly to examples above for pairs events.*
